HARVEY
Doune, Perthshire, FK16 6BJ, Scotland

Tel: 01786 841202 • sales@harveymaps.co.uk • www.harveymaps.co.uk

Alternatives, none are as convenient or as inexpensive as the Harveys.

- Ordnance Survey OL24, OL1, OL21, OL41, OL2, OL19 factory laminated. Or if bought as non-laminated non-waterproof - cut down and home laminated to make lighter and waterproof.
- Print outs from online Ordnance Survey OS Maps, View Ranger etc. All self-printed maps sheets must be individually waterproofed.

Recommended, whichever paper mapping system you choose.

- Mark up your maps with Checkpoint locations, diversions, on course facilities in the following notes. See also GPX files which are sent to all entered participants...
- Note: With diversions & GPX track measurement, actual course distance travelled may not be exactly 270km.
- Note: All participants must have a hard copy of the course map. Irrespective of whether they primarily use GPS or not.
