## PENNINE BRIDLEWAY TRAIL CHALLENGE

### RACE BRIEFING - 2025

## Welcome to the PB270 Pennine Bridleway Trail Challenge

The Pennine Bridleway Trail Challenge, a grand randonnee of trail running on this iconic trail from south to north. With a time limit of 270km in 100hours, achievable with a combination of walking and easy jogging pace. But of course, faster runners are equally welcome to pitch themselves against the trail and the competition.

The route is a mixture of fast flat trails, rough trails and some challenging ascents, taking in The Peak District, West Yorkshire, North Yorkshire moors, finishing in Cumbria. Total ascent is 6657 metres.

The trails are mostly well established and all are public rights of way. On some sections of the PB270, we will use defined walkers' alternatives which avoid using roads. For environmental consideration, we don't add any additional signage, but route finding for the majority of the course is very straightforward, with fixed National Trails finger posts.

Where we deviate from the main Pennine Bridleway, comprehensive course notes are provided which also detail water locations provisioned by the race team and other non-race facilities on the route. We also email GPX files to all entries well in advance and during the build up to the race. Including indoor checkpoints with hot meals and sleeping.

There are 3 checkpoints plus the finish. All providing a hot meal, hot drinks and refreshments. Beds and showers are available at CP1, CP2 and the Finish. Sleeping space and showers are available at CP3. But the clock is always ticking, so you need to manage your race pace and strategy to complete all 270km within 100 hours. You'll have access to your drop bag at checkpoints, which will be transported up the course by the race team.

The race ethos is unsupported, to provide the same challenge and a level playing field for all participants. Participants are allowed to access shops, pubs & cafes etc for food and drink – i.e. business locations which are equally available to all runners during opening times. But help from, and exchange of items between, friends and relatives is not allowed.

The PB270 is a unique and superb opportunity to race the length of Pennine Bridleway from bottom to top. We have worked closely with the National Trails Authority, who are equally enthusiastic in us offering this quality trail running experience. At Kirkby Stephen finishers will be presented with medals and winners' trophies, as well as hospitality and rest facilities.

There are also several pubs and private B&B accommodation in the Kirkby Stephen where, as a finisher, you can celebrate and choose a little more luxury should you wish.

Contained in this document is information, including joining details, which will help you prepare and make the most of your PB270 Trail Challenge. We look forward to seeing you.

### RACE BRIEFING - 2025

## Race Itinerary

**RACE REGISTRATION: TUESDAY 1 APRIL 2025**

**RACE HQ: The Peak Centre, Edale, S33 7ZA**

Race HQ  
& CP1

**18:00 – 21:00** Race registration, kit check, race number issue, tracker issue

*NEW FOR 2025: Race Registration HQ evening and Checkpoint 1 will be at The Peak Centre, Edale. The advantages of this is we can now offer a limited number of low cost (pre-book only) beds on race registration evening.*

*The included Private Coach transfer from HQ to the race start at Middleton Top will leave from Edale. Once the PB270 is underway, participants arriving at Checkpoint 1 Edale will have sleeping facilities with beds.*

*The slight downside is that the Peak Centre is 6km off the Pennine Bridleway from Rushup Edge. To compensate for this, participants will be allowed up to 8 hours in CP1 (previously 4 hours).*

*The CP1 exit time cut off will remain as 08:00 on Thursday, as all previous participants have been out well in advance of this anyway.*

*While participants must journey from Rushup Edge to Edale on foot, we will transport participants back up the hill to Rushup Edge where they commence the CP1 to CP2 section of the course.*

*Participants should be aware there may be a wait of approx 20 minutes for the drop off vehicle to return to CP1 for their relay to Rushup Edge.*

**Pre-Race:** For athletes wishing to stay over in Edale village on race registration Tuesday night, we have a limited number of low cost bunkrooms beds available at The Peak Centre (pre-booking only). Edale and the surrounding area have lots of pub-hotel and private B&B options as well as campsites. The nearest YHA's are in Edale & Castleton. A search on Google will provide plenty of possibilities. If not staying at The Peak Centre, participants are responsible for making their own way to the Private Coach departure point in Edale on race day.

**Getting to Edale:** There is very limited long-term car parking in Edale. We'd like to remain on good terms within our community and not cause traffic chaos in the small village. So, we highly recommend getting dropped off for Race Registration, or taking public transport. During the day, there are regular train services from Manchester and Sheffield. These taper off in the evening so please check the current timetables.

At each indoor checkpoint and at the finish, participants will have the choice of a hot meal. This will be from a vegetarian and a meat / fish option. Hence some of our meals may not be suitable for participants who follow more restricted diets such as vegan or have specific requirements.

While the race kitchen is kept clean and tidy, we cannot guarantee that food is free from nuts, dairy, wheat, soy, shellfish or other allergens. If participants are in any doubt, we recommend bringing your own suitable food items.

## PENNINE BRIDLEWAY TRAIL CHALLENGE

### RACE BRIEFING - 2025

- If conscious and able, eat and drink.
- Make yourself visible, if dark or poor visibility using your head torch,
- Make yourself heard, if an emergency, using your whistle to attract attention
- If seeking shelter off the trail, even if only a couple of metres, make sure a rescue party can easily locate you. i.e. fix an walking pole in the ground on the trail, crack a chem-light and leave this on the trail.

### SENSIBLE DNF-ING

- Ranger Ultras fully supports participants pushing their limits and pitching themselves against the trail, in the spirit of adventure and competition.
- However, we also encourage participants to make sensible decisions when deciding they have given their best and need to DNF. The following points of reference may be useful...
  - How did I feel physically and mentally prior to arrival at the checkpoint?
  - How did my kit hold up against the previous on course conditions?
  - What is the weather forecast for the next 24 hours?
  - What is the terrain like up to the next CP?
  - What can I change to do well / do better in the next section of the course?
  - How do I feel physically and mentally after a rest and hot meal?
  - On leaving a CP and not feeling able to reach the next CP safely, the option to turn back is good judgement.
  - If on the course and not able to safely reach the next CP. Call Race HQ who will discuss an accessible location, such as a road crossing or village, to rendezvous with the safety team. Bearing in mind the nearest safe location may be behind you.
- In all circumstances when DNF-ing on course:
  - Call Race HQ
  - Use your carried race kit (bivvy bag, sleeping bag, extra layers, hat, gloves) to keep as warm and dry as possible.
  - Make yourself visible (ref the Emergency Procedures notes)
  - If you are picked up or given a lift by anyone other than a Ranger Ultras Safety Team member, let us know when you are physically in their vehicle and safe. So we do not initiate an emergency search.

### UNSUPPORTED IS FAIR TO ALL

- All Ranger Ultras races are unsupported. This is to ensure fair competition and equal opportunities are available to all participants on the course. It also ensures that roadheads and less accessible locations are not inappropriately blocked with vehicles.
- To be clear this means...
  - Participants may use any on-course public facility which is available to all. Eg: Cafes, pubs serving food, shops. Note: the presence of these on the course does not automatically mean they are aware of the race. Please maintain the utmost respect for proprietors and their other customers. Their premises is not a drying room or an appropriate place for kit explosion.
  - Private residences are wholly out of bounds.
  - You should not call into private residences unless in an emergency.
  - Any exchange of items between a participant and friends or family constitutes support.
  - Support also includes accompanied running and carrying kit
- The onus is on the participant to refuse support
- The penalty for support includes disqualification
- If your family / friends are cheering you on the course, please keep in mind how this appears to the race team, who need to apply the unsupported rule without fear or favour. Hence the best place to cheer and celebrate is at the finish.

### RACE BRIEFING - 2025

#### ROADS

- The route crosses a number of busy A-roads. Use the designated crossings or central traffic islands where these are available. Participants should exercise care at all times.
- The course routing is designed to occasionally deviate away from running along a road wherever there is an off-road alternative.
- However, there are some sections which this is unavoidable without major deviation away from the Pennine Bridleway.
- Participants should use the verge or pavement wherever this is available.
- When not available, participants should normally face the oncoming traffic. Overseas visitors, bear in mind this may be in the opposite direction which you are used to.
- When approaching a blind bend, you should cross the road for a better view of the oncoming traffic, then cross back when it is safe to do so.
- Participants should make themselves visible. This includes wearing reflective items and switching on their back-light (ref compulsory kit) and their forward facing head torch.
- Please respect all other members of the public's right to safely use pavements and paths.

#### BIVVYING / RESTING ON TRAIL

- If you're going to bivvy or rest on the trail for more than 45 minutes, please inform Race HQ: Your race number, location (as a 6 figure Grid Reference) and estimated time you will be moving again.

#### ON COURSE

- Ranger Safety Team on course.
- See course navigation notes for fixed water locations.
- GPX files are sent to all entries.

#### FINISH / RESULTS

- Finishers medals presentation
- Winners trophies presentation
- Trophies for 1st Male and 1st Female
- Male and Female, fastest finisher trophies in age categories 20-49 and over 50's
- The timekeepers results board will be on view at Race HQ
- Full verified results and Winners will be emailed to all participants and published online within 5 days of race completion: Ranger Ultras website & Ranger Ultras Facebook page.
- The hire of the finish venue and offering a quality all-inclusive service represents a very significant cost to us. Hence, we're sorry but we cannot accept accommodation requests from friends and family members. If you are being met at the finish and the venue is quiet we'll happily make a cup of tea for up to two people, while they wait for you. However, if your friends or family require accommodation, please ensure they have a booking in the local area before travelling.

#### MORE RACE DETAILS

Please read through the sections on kit and course notes. They're quite detailed and will answer most FAQ's.

#### TRAIL PERMISSIONS

Ranger Ultras have obtained the following trail permissions. Please read the following conditions of use carefully. National Trails are maintained to a higher standard in recognition of their national status and high usage. Much of this work is not a statutory of local councils and relies upon volunteers and donations.

**Peak District National Park Authority** for permission to organise this event within the PDNP  
For this we pay a fee of £2-00 for each participant

### RACE BRIEFING - 2025

**National Trails** authority for permission to use the Pennine Bridleway  
For this we pay a donation of £4-00 for each participant

**Trail Running Association** £1-00 for each unaffiliated athlete

The PBUC is organised with race permit from the Trail Running Association (TRA) and under England Athletics (EA) rules

### LOOKING AFTER THE TRAIL AND COUNTRYSIDE WITH LOW IMPACT RACES

Please:

- Stay within the width of the definitive public right of way
- Close all gates properly, unless they are tied open by the landowner
- Be courteous to other trail users and members of the public
- If meeting or catching up with a ridden or led horse: Make yourself know to the rider well in advance. Slow to a walk. Be prepared to stop if necessary. If running in a group, approach in single file. Large masses of people may spook the animal. Ask if it is safe to pass. Pass in single file.
- Do not litter. Your packaging may be left with a race marshal or at Race HQ
- Do not sit on or damage walls
- Do not pick flowers. Take nothing but photos, leave nothing but footprints
- Observe local bye-laws, where notified

### MEDALS FOR WILDLIFE

Celebrating runners' achievements has always been a huge part of what we enjoy about organising races. Although not every runner wants to take a medal away with them. So after your presentation picture in Race HQ, you now have the choice to put your medal into our Medals For Wildlife box. For every Ranger Ultras medal in the box at the end of each event we'll donate the equivalent medal cost ( £3-00 ) to a wildlife charity.

Similarly if you're fast enough to win a trophy, you may choose to add this to the box and we'll donate £10-00 for each trophy.

We'll then re-use the medals and trophies in future races, which also helps reduce our environmental footprint. But we'd like to emphasise that Medals For Wildlife is optional and if you enjoy the memories that a medal brings, then you're equally welcome to take yours home.

Race Organiser, Stu, has been a supporter of Tusk Trust since running the Lewa Safaricom marathon, Kenya, back in 2008. All our Medals For Wildlife fundraising will go to Tusk Trust.
